

Suzanne,

Attached please find a revised Phase III WIP expectations document for tomorrow's Bay managers discussion. My plan is to highlight the key changes that have been made in response to partnership comments received, and to outline outstanding comments (e.g. federal facility engagement) for senior manager feedback.

Thanks,

Lucinda

Suzanne,

Thanks for your voicemail message. Have there been any updates from the RA's office on potential language changes to the local area targets section? I've had informal discussions with Jim and Rich that releasing another version of the draft expectations without those changes probably would cause more harm than good, given that that section caused the most concern with our partners. I thought there was general agreement to wait – at least until after Shawn met with NACO – and this topic has been removed from the 9/26 WQGIT agenda.

I can certainly provide an overview of the comments received and my suggested changes, but I won't have a revised draft by tomorrow.

Thanks,

Lucinda
